Children's needs vary from community to community. With *Young Children Priority One*, your club can assess what the youngest members in your area need the most, then address those needs with the full support of Kiwanis International behind you. Young Children Priority One focuses on children pre-natal through age 5 through four areas:

- maternal and child health
- child care and development
- parent education and support
- safety and pediatric trauma

The program lets clubs choose what causes to support, what services to perform and what fundraisers are most appropriate. Participating clubs hold two service projects for this age group each calendar year.

Message From The President

This month is Thanksgiving and we do have lots to be thankful for. Whether

it's our health, jobs, parents, siblings or friends, we all are thankful for different things. However, as we get ready to prepare for Thanksgiving, let's be mindful of others who do not have as much as we do. Can we find it in our hearts to give groceries to someone who we know is in need of food? Can we give an article of clothing to some homeless person? Kiwanis is about service—so in this Thanksgiving month, can we make a commitment to serve someone who is in need of care? Hospitals, institutions, schools — all areas in which we, as Kiwanians, can offer selfless service.
